# Map of Dargapur Union

## **1. Background, Socio-economic conditions, Disaster Vulnerabilities**

### **1.1 Background**

Dargapur is a Union of Assasuni upazila of Satkhira district. It is 30 kilometres away from Ashasuni Upazila head quarter. The UP complex is located at Dargapur village. The UP has been established in 1960 by the Pakistan Government. The first Chairman of the union was Md. Nazrul Islam who was nominated by the elected ward members. The present UP chairman is Mr. Jamir Uddin. Total area of the union is 22.46 sq. km with 16,200 populations in 10 villages. Population density is 996 per Sq km (Census 2011). Union Parishad consist (9) nine ward members and (3) three women members who were elected by direct peoples vote and took charge in May 2011. Communication within the union is also good except few villages those are heard to reach. 78.69% people of the union are Muslim and rest 21.31% are from Hindu religion.

### **1.2 Socio-economic condition:**

Like other rural areas of Satkhira district about 75% percent (approx.) people are living below poverty line. Main occupations of the population are agriculture, fishing, day labor, rickshaw/auto bike puller and small trades. The main agriculture crop is paddy. There are lots of forests cultivated by the government and private farmers. Fishing is considered as major livelihood, children are engaged in fishing boats resulted deprivation of their rights which is main concern of education. Total literacy rate in the union is 46.6%, of which male 52.5% and female 41.1% (Census 2011). There is no government and private Bank in this union but it has 2 medium size village markets. However, there are NGO, Najarin Mission ,SUS who are involved in micro-credit/financing programme. World Vision, Rupantor are works on good governance. Cow and buffalo milk is available.

### **1.3 Geography:**

The union is surrounded by Paikgasa upazila of Khulna district in the east, Borodal union is south, Kulla and Budhata union in the west and Tala upazila in the north.

### **1.4 Disaster and Vulnerabilities:**

The union is situated on the bank of Morischap River and embankment is not so good. Maximum area of the union is coastal belt so Cyclone, heavy rainfall, and tidal wave hits almost every year and affects the people, damages their houses and crops, increase their sufferings which make them poor/ultra-poor. Poverty is persistent due to natural disaster and low income growth in the union. In the rainy season paddy, vegetable and other crops usually suffered by water logging. Fish farmer's loss their fishes due to overflow of water. During last two devastating cyclone; SIDR and AILA the union has tremendously affected. Cyclone Preparedness Programme (CPP) is working at the union since AILA hits in 2009 on cyclone preparedness and early warning system. They have 9 units and 135 trained volunteers and among them 45 are female. There is 2 cyclone shelter at Khariati and Dargapur village which is 4 km away from UP office. The condition of the shelters are poor

and not child friendly. The UP Chairman is trying to manage fund from LGED for repairing the cyclone shelter.

The Union Disaster Management Committee (UDMC) has assessed the disaster vulnerabilities and developed disaster preparedness and response plan in the last year with the support of LCBCE - UNICEF.

### 1.5. Hard-to-Reach Areas:

There are very few hard to reach areas in this union as internal communication is improving. Motor cycle and Engine van are usually used within the union for communication. People do not face much difficulty to have access to social service facilities. Distance and communication mood are given below:

Sl#	Name of Village	Distance from Union Parishad	Mood of Communication
1	Khariati	3.1 KM	Engine van, Motor Cycle
2	Sreedharpur	3.2 KM	Motor Cycle, Engine van
3	Khasbagan	2.5 KM	Engine van, Motor Cycle
4	Sonai	3.5 KM	Engine van, Motor Cycle
5	Takipur	2.5 KM	Engine van, Motor Cycle
6	Jhaibunia	3.2 KM	Engine van, Motor Cycle

## 2. Population Profile:

### 2.1 Population in general

According to population Census 2011 The Union has a total population 16,200 in 4,021 house hold and population density is 996 per Sq Km. But there is a significant variation on the size of population of the Union as “the holding assessment 2013-2014” which was conducted by union parishad, itself, and enumerated the total population 21,857 and the number of households 5137. The Union Parishad claimed that the holding assessment is updated and correct. Around 78.69% population of this union are Muslim and 21.31% are came from Hindu religion.

*The details are shown in the Table 1.1 in the Annex I.*

### 2.2 Child Population:

According to the Census 2011, total child population in the union from 0 to 19 years are 6,489 which is 40.05% of total population (0-4 is 1369, 5-9 is 1912, 10-14 is 1863 and 15-19 is 1345). Community data provides more age specific information than census data and the total child population from 0 to 18 years are 8,825, 0-5 year is 2040, 5 to 6 years 797, 6 to 10 years 2049 and 10 to 18 years 3939. This gives an increased population number than Census as usual.

*Table 1.2 shows the details.*

## Part B: Situation of Children and Women

The following chapters describe the sector wise facilities and situation of children and women in the Union. The following table gives a snapshot of the situation of children and women in the union:

**Table 1: Snapshot of Situation of children and women in the union**

Indicators	Total	Received	Not Received
Number of pregnant women who have received / not received IFA tablets	168*	148*	20*
No of pregnant mothers who have completed 4 ANC visits	168*	142*	26*
No of delivery take place in health centers (institutional delivery)			No data
No of 1 year old children having / not having birth certificates	721**	60**	661**
No of birth registration within 45 days of birth		32**	
No of 1 year old children who have completed all the vaccines and left out	624*	616*	08*
No. of children <5 with / without recommended weight and height			No data
No. of children in PPE/ out of PPE	352*	336*	16* But BRAC covered 197 child through 7 Centre
No. of children in / out of school ( Primary)	1531*	1531*	But drop out child 98 covered by 7 ABL school run by JCF
No. of children in / out of school (Secondary)		1500*	258 are Madrasa student
No of children engaged in labor		183**	
Children with disabilities		58**	
No. of children not living with families			No data
No of children below 18 who are married			No data
No of households with / without access to safe water sources	5137**	4829**	308**
No of households with / without sanitary latrines	5137**	2154**	2983**
No of female headed households			No data

\*administrative data, \*\*community data \*\*\*BRIS data as of January 2014

The union has 168 pregnant women as of November 2014 and out of them 148 have visited the health center for checkup and took the IFA tablet. However 142 Pregnant Women have completed 4 ANC visits and only 26 not receive the full package of service. None of the health centers in the union have any facility for deliver so no administrative data is available on this indicator. The table above shows that 616 under 2 years' age children received full coverage of vaccination out of 624. Community data also shows that 8 children not received full package of vaccine. Data are not available on nutritional status of children in any form. Community do not have much idea on this however, they identify healthy (fatty) and unhealthy (thin) children and think that most of the children are healthy. Health centers do not record the height or weight of the children. 60 children of 1 year have birth certificate out

of 721 (Community data). Birth registration within 45 days are only 32 but overall birth registration status of Dargapur union is good. As upazila primary education office there are 352 children and out of them 336 are enrolled in PPE at GPS. But National renowned NGO BRAC run 7 PPE Centre and covered 197 children in this union those are out of GoB report DPEO Survey also mentioned this union has primary aged children 1531 and all are enrolled in primary school. On the other hand NGO JCF run 7 ABL school and covered 98 primary level drop out children those also not included in GoB status. There are 1242 children enrolled in secondary level school and 258 enrolled in Madrasa but no data in GoB or community about drop out number from secondary level. As community assumption significant number of children are out of secondary education in the union. Child marriage is occurred but it is not recorded as the age is recorded above 18 years in the register during marriage.

### 3. Health and Nutrition :

#### 3.1 Situation of Children and Women in the Union

According to the community 706 children have received full package of vaccines out of 721. This figure varies with the data provided by health sector which is 624 and received full doze of vaccine are 616 that means only 08 are out of vaccine received. Community think that every child is vaccinated may not be full doze however, there might be a few left out children which are not counted or recorded.

*Table 2.1 shows the Number of children fully immunized or left out in Annex II.*

Community data says that the Union has 160 pregnant women as of October 2014 but only 73 have completed 4 ANC visits and 57 have consumed @ 100 IFA tablets during last six months (Source: WDC as of September 2014). This data varies with the administrative data i.e. Family Planning Office enlisted 168 pregnant women out of which 142 have completed 4 ANC visits and consumed @ 100 IFA as of November 2014.

*Table 2.2 shows the Number of Pregnant women with status of IFA intake in Annex II.*

Few institutional deliveries take place in the upazila level. Institutional delivery is very low and it is assumed by the community that 10 to 15 deliveries take place in upazila/ district health center. These deliveries mostly occur in case of complicity or in the case of women from well off families or who are very aware.

**3.2 Facilities and services available in the Union:** The Union has a Family Welfare Center (FWC), 3 functional Community Clinics (CC), 8 Satellite Clinics and 24 EPI sites. There are health services in the Union provided by NGOs which are mainly community awareness.

*Table 3.3 in annex II shows the available facilities in the Union.*

### 3.3 Status of Human Resource:

**3.3.1 Department of Health:** The Union is served by 1 SACMO, 1 Assistant Health Inspector (AHI), 3 CHCP and 3 HA. There are no vacant position but community people are not getting quality service due to less commitment of health staffs.

*Table 2.4 in annex II shows the HR status of Health services in the Union.*

**3.3.2 Department of Family Planning:** The Union is served by 1 SACMO, 1 Family Welfare Visitor (FWV), 1 Family Planning Inspector (FPI), 4 out of six Family Welfare Assistants (FWA) but there are vacant position 2 FWA .As community people information they are not getting satisfactory service from the Family planning department.

*Table 2.5 in annex II shows the HR status of Family Welfare services in the Union.*

### 4. Situation of Birth Registration, Disability, Child Marriage and Child Labour

**4.1 Birth Registration:** A significant number of children of one year old do not have birth certificate even they are not registered in BRIS. Community data shows that only 60 children have birth certificates till December 2014, only 32 child births were registered within 45 days of birth (BRIS data). The Union Parishad is well equipped for providing services for ensuring birth registration of children. It is served by a Secretary, and two UISC Entrepreneurs. This progress happened with the support of the District, Upazila administration, UNICEF and NGOs joint efforts. The UP is providing free services to the children of below two years.

**4.2 Children with Disability:** There are 58 children with disability in the union. Few of them are attending school and many of them do not have opportunity to attend school as the school does not have physical structure or friendly environment that encourages them to stay. Data are not available neither with the community or the government department on how many children are attending schools and how many do not attend.

**4.3 Child Marriage:** Though child marriage occurs, no data available on child marriage.

**4.4 Children detached from families:** Some children are detached from their family. However, the community do not have information on whether these children are all orphan or where they are engaged. The UP is trying to collect the real information and accordingly make a plan for their survival.

**4.5 Status of HR:** The Union has one Secretary who is responsible for all the activities in the UP including birth registration. According to the UP Act 2009, the UP should have at least another staff who will look after the accounts and other administrative issues. However, the UISC Entrepreneurs are providing support in birth registration. The Union is also served by a government social worker.

**4.6 Child Labour:** According to the community the Union has 183 children who are engaged with informal labour force. Children are mainly engaged in brick field, fishing and non-formal sector like in the tea stall and small hotels and restaurants. And these children are out of schools. Though some of the children are getting conditional cash transfer from the government supported by UNICEF, it is not able to cover all of the children out of school.

## 5. Education: Pre Primary, Primary and Secondary Education

**5.1 Coverage of Education:** According the survey conducted by the DPE, the Union has a total of 352 pre-school aged children and 336 are enrolled in pre-primary class run by government. National NGO BRAC run 7 PPE Centre in this union and covered 197 children those were out of GoB status (upazila primary education department survey). Actually they (DPE) shows total number of children those were enrolled in PPE class run by government schools. The total number of children of aged 5 to 6 differs with the data provided by community which is 797. NGOs do not conduct any survey on how many eligible children are in the Union rather they use the departmental data and enrol children within the surrounding area of the school. According to the community people, there are many children who do not attend in pre-primary class because lack of knowledge on early learning age, shortage of centres or school within their reach (within a kilo meter) and for poor road communications.

At primary level there are 1531 children of 6-10 years old and all are enrolled in the primary schools run by Government that means 100% children are enrolled and there are no out of school children. But one NGO named JCF run 7 ABL school and covered 98 primary level drop out children those are not included in GoB status. According to community information till some children are not enrolled in the primary schools. Many children are attending Madrassa for their education both at primary and secondary level and data are not available. Community data of this age group differs with the administrative data.

At secondary level, there are 1242 children are enrolled in different schools (Girls: 582 & boys: 660) and 258 enrolled in secondary level Madrasa. Students are enrolled in four secondary level registered schools and 2 secondary level Madrasa within and adjacent to the union. According to the Table 4.3 there are no data for out of school children.

*Table 4.1, 4.2, and 4.3: shows the data on Children enrolment in education in Annex IV.*

**5.2 Available Facilities:** The Union has 8 Government Primary Schools (GPS), JCF run 7 ABL school & BRAC run 7 PPE canters to cover, primary education and drop out children. There are 2 secondary school and 2 secondary level madrasa to cover the secondary level education. All the villages of this union have at least one GPS/NGO school.

*Table 4.5 shows the data on facilities in Annex IV.*

**5.3 HR status in the Education Sector:** There are 8 posts for Head Teachers and 42 posts for Assistant Teacher sanctioned in 8 GPS and there are 2 Assistant Teacher post vacant. According to the Government policy standard, the teacher student ratio for PPE is 1:30 and for primary class the ratio is 1:45. The data in table 4.2 shows that there are 1531 children enrolled in 8 GPS.

## **6. Water and Sanitation**

**6.1 Safe Water Facility:** DPHE does not have record on total number of tube wells, Rain water harvesting, PSF and pipe line supply water points in the union. They maintain only GoB supplied water points. This figure widely varies with the community data. Community data shows that the Union has 167 tube wells, 4 RWHS and 4 PSF and out of this 30 points are not functioning. A total of 4829 households (94%) have access to safe water out of 4014.

**Sanitation coverage:** Sanitation coverage in the Union is good. The union has 4012 (Census 2011) households where 1241 households (30.91%) have hygienic latrines, 1017 HH (25.33%) have unhygienic non water seal, 1450 HH (36.12%) have unhygienic non sanitary latrine and 246 households do not have any latrines. Community data widely varies with this data. Table 5.2 in Annex V shows that 4990 households have hygiene latrines, 1721 households use unhygienic latrines and only 105 households do not have any latrines out of 5137 households.

**Status of HR:** The Union is served by 0.50 (one for two union) tube well mechanic who is responsible only for the DPHE provided water points. There is a Sub-Assistant Engineer in upazila.

## **7. Services by NGOs:**

There are more than 10 NGOs including BRAC, Care-Bangladesh, JCF, Rupantar, World vision, Caritas working in the Union on health, Nutrition, education, child protection, water and sanitation etc. Rupantar, Care-Bangladesh, BRAC and JCF are implementing C4D, Nutrition and education Project respectively with support from UNICEF.

## **8. Functional Status of Union Parishad**

The Union Parishad is functioning with the Chairman, 12 members and a Secretary. The UP holds coordination meeting in every months regularly. All the standing committees have been formed and most of the committees are functioning and hold meeting to discuss the relevant issues.

**Ward Shova:** Ward Shovas were held in all the Wards in March and April 2014 and children issues were discussed in many of the Ward Shovas. Members proposed specific needs of children related to education, child rights, safe water and sanitation to incorporate in the UP plan. Last year UP budgeted Taka 1, 33,64,799/- to implement its annual plan for 2013-2014 fiscal year. This budget largely was distributed in road constructions, infrastructures etc. Tk. 140,000/- was allocated for children to address the children issues. In this year the UP allocated Tk.150,000/- for children and total budget for fiscal year 2014-15 is 1,50,10,500/- taka.

Detailed data on the profile are presented in the next pages as annex.

# ANNEXURES

**Table 1.1: Sex disaggregated Population data**
